C., April 6.—Four Republican members of the Foreign Relations Committee of the House, Henry, of Ind., Heatwole, of Minn., Smith, of Mich., and Quigg, of New York, announced this morning that they will not support the President's recommendations, if he asks for intervention at his discretion. Mr. Henry declares he is in favor of resolutions authorizing the President to drive Spain from the island of Cuba. The Democrats of the committee probably will join these four and the resolutions presented the House will not support the President.

Mr. Tewtrey, of Minnesota, moved to hold a Republican caucus instead of a conference. Mr. Mercer, of Nebraska, supported the substitute for the conference, to which all Republicans should be invited. This plan was agreed to.

The President said that the safety of Americans in Havana and especially Lee's personal safety, made the delay in his message imperative. Democrats expressed themselves as satisfied. The President has received advices which make him hopeful war may be averted, and an outcome of the Cuban situation be secured that will be satisfactory to the President. The disposition manifested during the last two days by the Spanish government, gives ground for expectation that it will yield on vital points.

NEW YORK, April 6.—The Cuban Junta, through Counsel Horatio S.
